The Trustees of Reservations welcome equestrians to ride/drive on the trails of Appleton Farms, provided you are a member of both The Trustees of Reservations and the Essex County Trails Association. This partnership helps ensure that riders/drivers understand proper horse riding/driving etiquette on this very busy reservation. Each horse must display a clearly visible Green Horse tag at all times while at Appleton Farms. This permit program eliminates the need to pay the daily entrance fee, allowing our equine visitors an uninterrupted riding/driving experience. **Green Horse permits are valid annually from January 1 to December 31.**

By signing below, I understand and agree to abide by all Trustees of Reservations property regulations. I realize that failure to do so may cause cancellation of my permit and loss of my riding privileges. While on Appleton Farms, I, the permit holder, accept responsibility for the actions of my horse(s) and myself. Further, The Trustees of Reservations cannot assume responsibility for injuries, for theft, or for the loss of property.
